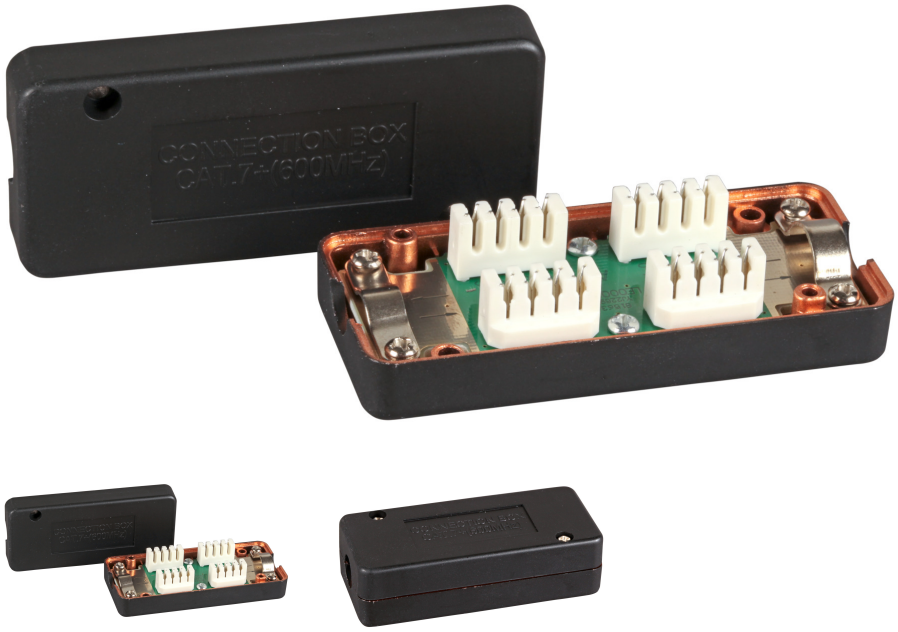
DATASHEET

Connecting module Cat.7 600MHz with IDC - terminal



General data

Cat.7 up to 600 MHz with IDC-terminals. The connection module can be used to extend installation cable or reconnect damaged cables without having to install a complete cable segment. The two cable ends are connected with LSA insulation displacement terminals. All standard 4- or 8-core installation cables from AWG 26-22 can be worked up to a sheath diameter of 10 mm
Housing metallized inside

Accessory
Screw-type strain relief (M3x12)
Cable inlet (4 x)
With adhesive tapes for fixing

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Colour
37596.1	Connecting module Cat.7 600MHz with IDC - terminal	black

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.
