

DATASHEET

General data

Connect network cables quickly and in a space-saving manner

The shielded RJ45 cable connector in a compact slimline design makes it easy to extend or connect Cat.6A, Cat.7, and Cat.7A installation cables. Thanks to tool-free LSA connection technology, installation is quick and convenient, requiring no additional special tools. The slim design is particularly well-suited for space-constrained installations in cable ducts, distribution cabinets, and high-density network environments. The robust metal housing also ensures reliable shielding and protects the connection from external interference.

Your benefits at a glance

Compact slimline design – ideal for space-saving installations and tight installation situations

This datasheet was created automatically on 30-09-2026 . Technical changes reserved.

DATASHEET

Tool-free installation – quick installation without crimping or special tools
Fully shielded metal housing – reliable protection against electromagnetic interference

Product Highlights

RJ45 cable connectors for connecting or extending network cables
 Suitable for shielded Cat.6A, Cat.7, and Cat.7A installation cables

Space-saving slimline design

Tool-free LSA connection technology for quick installation
 Pair management according to TIA/EIA 568 A/ B
 Color-coded connectors for easy wiring
 Supports data rates up to 10 Gigabit Ethernet
 PoE, PoE+, and 4PPoE compatible per IEEE 802.3bt
 Fully shielded metal housing for optimal signal quality
 Reusable design for flexible applications

Package Contents

1 × Cat.6A/Cat. 7/Cat7A connector
 1 × Installation instructions

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Colour
38592.1		Black

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 30-09-2026 . Technical changes reserved.
