DATASHEET

General data

High-quality SC connector from Senko in beige for the production and connection of fibre optic cables. The connector is designed for multimode applications and is designed for crimp connections.

• Designed for multimode fibre applications – Supports use in optical links with matching fibre type and is aimed at typical multimode installations.
• SC connectors in connector design with crimp connection type – Enables a standardised and mechanically stable connection of fibre optic cables.
• Ferrule with PC and scope of delivery as a plug set including red strain-relief boot – Supports optical coupling and facilitates complete assembly.

The design of the connector is based on a crimp connection type and a ferrule with PC. The version is intended for cables with a diameter of 3 mm. The beige connector is complemented by a red strain-relief boot grommet. This supports clean assembly and mechanical protection of the assembly.

Technical details
• Connector type: SC
• Type: Plug
• Connection type: Crimping
• Cable Ø: 3 mm
• Ferrule angle: PC

- Brand: Senko
- Colour: beige
- Strain-relief boot colour: red
- Scope of delivery: 1x SC plug set. 1x SC strain-relief boot

Available variants

ArtNr.	Bezeichnung	Anti-kink sleeve	Cable Ø	Colour	Suitable for type of fibre
53206.11		black	3.0 mm	beige	Multi mode
53206.12		red	3.0 mm	beige	Multi mode
53206.21		black	2.0 mm	beige	Multi mode
53206.22		red	2.0 mm	beige	Multi mode
53213.2		blue	3.0 mm	blue	Single mode
53214.1		green	3.0 mm	Green	Single mode
53214.2		green	3.0 mm	Green	Single mode

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
