

DATASHEET

General data

High-quality SC connector from Senko in beige for the production and connection of fibre optic cables. The connector is designed for multimode applications and is designed for use in optical connections with a suitable fibre type.

- Suitable for multimode fibre applications - Supports use in optical links with matching fibre type and is aimed at typical multimode installations.
- SC connector type in connector style with crimp connection type - Enables standardised connection of fibre optic cables and supports clean assembly.
- Ferrule with PC and scope of delivery as a plug set including strain-relief boot - Supports optical coupling and facilitates complete assembly.

The connector is based on a crimp connection type and a ferrule with PC. The design is intended for cables with a diameter of 2 mm. The beige connector is complemented by a red strain-relief boot. This supports clean assembly and mechanical protection of the assembly.

Technical details

- Connector type: SC
- Type: Plug
- Connection type: Crimping
- Cable Ø: 2 mm
- Ferrule angle: PC
- Brand: Senko
- Colour: beige
- Strain-relief boot colour: red
- Suitable for fibre type: Multimode
- Scope of delivery: 1x SC plug set, 1x SC strain-relief boot

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Anti-kink sleeve	Cable Ø	Colour	Suitable for type of fibre
53206.11		black	3.0 mm	beige	Multi mode
53206.12		red	3.0 mm	beige	Multi mode
53206.21		black	2.0 mm	beige	Multi mode
53206.22		red	2.0 mm	beige	Multi mode
53213.2		blue	3.0 mm	blue	Single mode
53214.1		green	3.0 mm	Green	Single mode
53214.2		green	3.0 mm	Green	Single mode

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
