DATASHEET

General data

The high-quality SC/APC connector from Senko in green is used for the production and connection of fibre optic cables. The connector is designed for single-mode applications.

• Designed for single-mode fibre applications – Supports use in matching optical links and is aimed at typical single-mode installations.
• SC/APC connector type as plug with crimp connection type – Enables standardised connection of fibre optic cables.
• Ferrule with APC and included as a plug set including strain-relief boot – Supports optical coupling and facilitates complete assembly.

The design of the connector is based on a crimp connection type and a ferrule with APC. The version is intended for cables with a diameter of 3 mm. The green connector is supplemented by a green strain-relief boot. This supports clean assembly and mechanical protection of the assembly.

DATASHEET

Technical details
- Connector type: SC/APC
- Type: Plug
- Connection type: Crimping
- Suitable for fibre type: Single-mode
- Cable Ø: 3 mm
- Ferrule angle: APC
- Brand: Senko
- Colour: green
- Strain-relief boot colour: green
- Scope of delivery: 1x SC/APC plug set, 1x SC strain-relief boot

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Anti-kink sleeve	Cable Ø	Colour	Suitable for type of fibre
53206.11		black	3.0 mm	beige	Multi mode
53206.12		red	3.0 mm	beige	Multi mode
53206.21		black	2.0 mm	beige	Multi mode
53206.22		red	2.0 mm	beige	Multi mode
53213.2		blue	3.0 mm	blue	Single mode
53214.1		green	3.0 mm	Green	Single mode
53214.2		green	3.0 mm	Green	Single mode

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
