DATASHEET

General data

The 19" 2U cable management panel from EFB-Elektronik is designed for orderly and clear cable routing at the 19" level and is suitable for universal cabinet series. The cable management version combines steel with a powder-coated surface in black RAL 9005. With a width of 482.6 mm, the panel is intended for 19-inch mounting.

• Structured cable routing at 2U – The panel uses two height units and supports clean routing at the rack level.
• Robust steel design – The construction is designed for professional use in 19" installations and provides a stable base.
• Cable-friendly guide with five brackets – The 5 brackets with 60 mm bracket length support clear and orderly cable management.

The design is designed for practical use in professional 19" environments. The combination of steel and powder-coated surface creates a robust cable routing with a clear structure. The 2U keep the space requirement under control and the 482.6 mm width supports integration into 19" mounting.

Technical details
• Brand: EFB-Elektronik
• Category: Cable Routing
• Cabinet Series: Universal
• Number of rack units (U): 2U
• Colour: black
• RAL number: 9005
• Design: Cable routing
• Width: 482.6 mm
• Suitable for 482.6 mm (19 in) mounting: Yes
• Finish of the surface: powder-coated
• Material: Steel
• Number of brackets: 5
