DATASHEET

General data

The pull-out splice box from EFB-Elektronik is designed for the structured pick-up of splices and the clear management of multimode fibre optic connections in a 19-inch rack. The 1U version combines pre-assembled assembly with service-friendly accessibility and is intended for OM4 multimode 50/125.

• 1U, 19-inch pull-out design – Allows for compact integration into the rack and simplifies access to the splice level during maintenance and removal.
• Front panel with 12 SC duplex couplings in a vertical orientation – Creates clear, space-saving assembly and supports clear routing of the fibre optic lines.
• 24 prepared SC pigtails with LSZH jacket and 2 m length – Reduces installation effort and supports clean, structured splice organisation.

The sheet steel housing in grey according to RAL 7035 is intended for 482.6 mm (19 inch) installation and is designed for clean routing of the fibre optic lines. The OM4 fibre class for multimode 50/125, the ceramic ferrule guide and the

DATASHEET

LSZH-coated pigtails support its use in professional multimode installations. Pre-assembled crimp/ANT splice holders and included shrink splice holders complement the flexible organisation inside.

Technical details
- Extendable: Yes
- Fibre class: OM4
- Couplings: SC-Duplex
- With number of couplings/adapters: 12
- Coupling material: plastic
- Pigtail: 24 x SC
- Pigtail prepared: discontinued
- Number of height units (U): 1U
- Fibre type: Multimode 50/125
- Couplings (ferrule guide): Ceramic
- Coupling colour: heather violet
- Pigtail length: 2 m
- Pigtail Coating Material: LSZH
- Pigtail Buffer Type: Loose-Buffered
- Material: sheet steel
- Colour: grey
- RAL number: 7035
- Mounting type: 482.6 mm (19 in) Installation
- With front panel: Yes
- With housing: Yes
- With pigtails: Yes
- Splice Trays (Quantity): 2
- Splice trays (capacity): 4
