DATASHEET

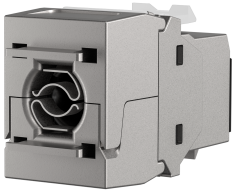

RJ45 Keystone STP, Cat.6, 250 MHz

General data

The RJ45 keystone module provides a combination of excellent transmission qualities and an easy tool-free assembly. The high quality of the keystone module ensures very good qualities for 5 Gigabit Ethernet applications. No special tools are needed for the assembly. The assembly is easy and handy to execute. With the RJ45 keystone module you receive a fully shielded module, which will provide good service for a long time in your network installation.

Specifications:
Compact cable presorter for AWG 24/1 .. AWG 22/1
Pair management according to TIA 568A /B colour codes
Appropriate for all distribution panels and frames with keystone slots

Scope of delivery:
1 x RJ45 keystone, Cable coder, 1 x copper foil, 1 x cable tie, dust cover, mounting instruction

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Colour
E-20072	RJ45 Keystone STP, Cat.6, 250 MHz	metal
