

DATASHEET

General data

The C20 180° - C13 180° IEC extension in black version from EFB-Elektronik is designed as a 1.8 m long connection for standard-compliant power connections. With IEC plug and IEC socket, it is suitable for reliable use in Europe and the UK.

- Black version with a length of 1.8 m
- IEC plug and IEC socket for standardised IEC connections
- With protective conductor for safe operation

The polyvinyl chloride (PVC) sheath supports a robust and practical solution for technical applications where a compact extension with defined connection data is required. With 3 wires, a nominal voltage of 250 V and a nominal current of 10 A, the version is designed for common IEC applications.

Technical details

- Brand: EFB-Elektronik
- Core Count: 3
- Connector 1: IEC plug
- Connector 1 angle: 180°
- Connection 2: IEC socket straight
- Connector 2 angle: 180°
- Outer jacket colour: black
- Country suitability: Europe & UK
- Sheath material: Polyvinyl chloride (PVC)
- Nominal voltage: 250 V
- Rated current: 10 A
- Protective conductor available
