

# DATASHEET

## General data

Coloured power cords for clearly assignment of device - cable - outlet

No time-intensive search or tracing of cables

CEE7/3 Plug CEE7/7 90° - C13 180° (IEC jack)

Cable H05VV-F 3G 0.75 qmm

10 A / 250 V VDE tested

The coloured power cords enable an instant visual assignment of devices and the corresponding power cord.

## Tekniske egenskaber

## Available variants

| ArtNr.        | Bezeichnung | Colour<br>outer<br>sheath | Degree of<br>protection | Length | Nominal<br>current | Nominal<br>voltage | With protective<br>conductor |
|---------------|-------------|---------------------------|-------------------------|--------|--------------------|--------------------|------------------------------|
| EK588BL.1,8V2 |             | blue                      | IP20                    | 1.8 m  | 10 A               | 250 V              | Ja                           |
| EK588BL.3V2   |             | blue                      | IP20                    | 3.0 m  | 10 A               | 250 V              | Ja                           |

## Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.
