General data

AOC HDMI Fiber Cable 8K@60Hz - Professional-Grade AV Connectivity for Demanding Applications

This active HDMI fiber optic cable is purpose-built for professional AV environments that require uncompromised signal quality over long distances. Ideal for digital signage, conference rooms, broadcast studios, or high-end installations.

Key Features:

- **Lengths:** 10m, 20m, 30m
- **Resolution:** 8K@60Hz, 4K@120Hz
- **Standard:** compatible with HDMI 2.1 / 2.0 (backward compatible)
- **Bandwidth:** Up to 48 Gbps
- **Active Chipset:** Ensures reliable, interference-free transmission
- **Connectors:** Zinc alloy housing with gold-plated contacts
- **Labeling:** Laser-engraved "Source" and "Display" for correct orientation

This datasheet was created automatically on 26-09-2026 . Technical changes reserved.

DATASHEET

- **Jacket:** Flexible, halogen-free TPE outer jacket
- **Color:** Black, with laser-marked 8K logo

Eco-Friendly Packaging:

Plastic-free cardboard box, recyclable and shipping-ready. Designed to reduce waste and simplify logistics.

Perfect for:

System integrators, AV rental companies, public sector tenders, project planning firms, installers, and B2B resellers.

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Colour	Length
HDMI-21-00006		Black	10 m
HDMI-21-00007		Black	20 m
HDMI-21-00008		Black	30 m

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
