# DATASHEET

## General data

ICA-TBL 134TY is a practical notebook stand, but not only this: it adapts perfectly to electronic devices such as smartphones and tablets from 10 to 16" and can serve as a practical lectern for books and newspapers. Thanks to its folding design and the structure in light aluminum alloy is very practical to take with you anywhere. The six degrees of angle adjustment allow you to always obtain the desired view of the monitor, thus relieving muscle tension in the back, neck and wrists.
The angle and the open structure that characterize it offer excellent heat dissipation, allowing you to always cool the computer constantly, increasing its duration over time.

Features
Stand for notebooks, smartphones and tablets
Supports devices from 10" to 16"
Can also be used as a music stand
6 possible angle levels: from 0 to 45°, from 5.5 to 15.5 cm

# DATASHEET

Ergonomic design for better posture
Maximum heat dissipation
Manufactured from high quality 4mm light aluminum alloy
It has six anti-slip pads on the front
Lightweight, foldable and portable
Compact dimensions
Includes convenient travel case

Package Contents
Stand for notebook ICA-TBL 134TY
Carrying bag
