DATASHEET

General data

ICC SB-BLT20 adopts advanced BT-5.1 chipset, ensuring connection up to 10 - 15 meters away and faster and more stable signal transmission; the wireless speaker or earphones will connect to the last paired Bluetooth device automatically and immediately when turned on; they are equipped with the TWS function which greatly improves the bit rate and provides a low latency listening experience
The specific touch control function makes the earphones more comfortable: just touch them to play / pause music and answer / hang up calls, skip forward / backward music tracks, adjust the volume or activate the Siri voice assistant; it all happens very easily without using the phone and is therefore perfect for training, running, walking, hiking, mountain biking, picnics, camping, and much more. Adopting an ergonomic design and very light weight, the earphones deliver a great and enveloping experience
The speaker offers very compact dimensions (Ø 5.8 cm; H 9.0 cm) which make it handy and portable; the soft fabric finish is pleasant to the touch and thanks to the 9D surround sound effects produces an amazing ultra clear Hi-Fi HD surround sound with shocking bass and crystal clear highs
It can adapt to various listening modes and scenarios such as sharing and private. The high quality stereo speaker is

designed to deliver the best dimensional ambient sound is perfect both indoors and outdoors; anywhere you can freely enjoy music, alone or by sharing it with your family and friends for outdoor recreation
The speaker itself is also the charging case which provides a quick and convenient way to charge the wireless earbuds on the go; you can enjoy up to 4 hours of music on a single charge and a total of 15 hours of playback with the fully charged charging case, the charging case can be fully charged in just one hour via USB-C ™ charging cable

Technical specifications

BT version 5.1
Talk time: 2 hours
Stand by: 500 hours
Earphone charging time: 60 min.
Speaker charging time: 60 min.
Earphone battery: 40 mAh
Charging voltage: 5V DC
Transmission distance: 10-15 meters
Earphone music playback: 3.5 - 4 hours
Speaker music playback: 2.5 - 3.5 hours
Frequency range: 20-20,000 Hz
Charging case battery: 600mAh

Package Contents

Loudspeaker with charging case
Wireless earphones
USB-C™ charging cable
