DATASHEET

General data

- Extends and boosts the signal to any USB device - supports transfer rates up to 5 Gbps
- The built-in repeater helps maintain the USB 3.0 signal quality, electrical specifications and timing
- Extends the connection to external housings or other devices up to 5 m without any signal loss
- Plug and Play; Windows and Mac compatible - bus-powered so no external power supply required

General information

- Bandwidth: 5 Gbps
- Powered via Bus
- Supports all operating systems with USB

Contacts

- 1x USB 3.0 Standard A Male
- 1x USB 3.0 Standard A Female
- Nickel-plated
- Molded PVC

Cable

- Shielded
- Thermal plastic housing

Standards and Certifications

- USB 3.0
- EC
- FCC
- RoHS
- WEEE

Package Contents

- 1x SuperSpeed USB 3.0 Active Extension Cable, 5 m

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Colour	Length
ICUR3050		schwarz	5.0 m

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
