DATASHEET

General data

This HDMI extender allows to connect two devices up to 40 meters with Cat.6 / 6A / 7 cable. Lightness and convenience, combined with the small size, make it easy to connect video sources such as PCs / decoders / consoles / Blu-ray players to projectors and remote screens. Supports 1080p and is compliant to HDCP 1.2 which makes the product ideal for a lot of applications, both for work and leisure, as well as public and commercial premises, studios, offices, conference rooms and also for home installation.

- Allows to easily extend the HDMI signal using Cat. 6 / 6A / 7 cables to extend transmission distances
- Useful for remote devices such as projectors and screens located away from the video source
- Provides a clear and clean signal from DVD and Blu-ray players, set-top boxes, satellite receivers and other sources
- Compliant with the HDCP 1.2 standard which guarantees protection of high-definition content transmission and ensures a high quality reception
- Easy to install, no configuration required

Features
