# DATASHEET

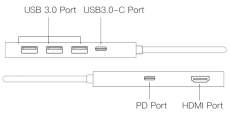

## General data

6 ADDITIONAL PORTS: Docking station that turns one USB-C™ port into 6 ports, with 4K HDMI port, Gigabit Ethernet and 3 Super High Speed USB 3.0 ports and PD fast charging port
ULTRA HD: The HDMI port streams 4K video directly to your TV, monitor or projector. Thanks to a simple laptop docking station it is possible to obtain very high quality visual effects
5Gbps SUPER SPEED: With data transfer speeds of up to 5Gbps, this USB3.0 hub transmits data 10 times faster than USB 2.0. It allows you to transfer an HD movie in seconds. It is also backwards compatible with USB 2.0 devices
PLUG & PLAY: Compatible with Windows and Mac OS X, no driver installation required. By simply inserting it into your device's USB-C™ port, you can enjoy the extra USB ports
COMPACT AND PORTABLE: Sturdy metal housing with an essential design. Thanks to its small size (105.00 x 39.00 x 12.08 mm) it is very compact and practical to carry around; Supplied with 150mm USB-C™ cable

Hub with 15cm USB cable
Aluminum alloy housing
