# DATASHEET

## Fiber Optic Closure for 24 splices IP68

### General data

The SJC Closure is a splice closure that is used for track or branch applications. It has 4 cable entry ports, a splice cassette for 24 splices and a cable management and storage area. The closure is sealed to IP68 for water and dust tightness. The closure is supplied with four knock-out ports and two entry glands. Up to two additional entry glands can be ordered separately.
A compact closure for track & branch applications
Four knock out ports
Each port accommodates a cable gland for 5-9mm or 6-12mm OD
Closure are supplied with two glands 5-9mm. Additional glands as accessories
Single splice tray for up to 24 splices
For 2,2mm splice pretectors
Cable management plate to secure cables and route fibers
Robust construction enable direct buried applications
Underground or wall mounting
IP68 at 5mtr and UV resistant
