DATASHEET

General data

1-Port Gigabit Ethernet 10/100/1000Mbps DATA IN and 1-Port Gigabit 10/100/1000Mbps DATA + PoE++ OUT up to 60W
Supports the PoE standard IEEE802.3af/at/bt for powering Network devices via structured cabling
MidSpan devices can be fed into any network, regardless of the types of switches used
Diagnostics LEDs
Metal housing fanless (L x W x H): 180 x 71 x 37 mm

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Max. PoE power
POI-5001		60 W

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 02-11-2026 . Technical changes reserved.
