DATASHEET

Cable Break Out box, Black for 0-20mm Cable

General data

Break Out box for Fiber Optic cable installations. Up to 192 fiber & 16 tubes. For deviding, Loose tube cables from one single to small tubes.
Strain relief for the Central element of the cable
Strain relief of the miniflex tubes
Strain relief of kevlar in both side of the box
Can be installed directly to 19” system holes
Cable grommet for incomming cable
Additional mounting Bracket

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Number of fibres	Cable strain relief
TEK1001	Cable Break Out box, Black for 0-20mm Cable	16 Tubes	True

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product’s suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 20-11-2026 . Technical changes reserved.
