DATASHEET

General data

USB Type-C to USB Type-C Charging Cable – 100W Power, E-Marker, Textile Braid, 0.5–3m

High-performance **USB Type-C to USB Type-C cable** designed for industrial, IT, and retail environments. Built for **up to 100W charging power**, durability, and eco-conscious packaging – ideal for resellers, integrators, and business customers.

Product Features:

- **USB Type-C to USB Type-C cable**, compliant with **USB 2.0 standard**
- **Supports up to 100W Power Delivery (PD)** via integrated **E-Marker chipset**
- **480 Mbps** data transfer speed
- **Available lengths:** 0.5 m / 1 m / 2 m / 3 m
- **Gold-plated USB Type-C connectors** with **aluminum housing**
- **Durable textile-braided jacket in space-grey** – flexible and wear-resistant

WIR SORGEN FÜR VERBINDUNG
WE CARE FOR CONNECTION

- **Printed charging bolt symbol on the connector** for function identification (not an LED)
- **Plastic-free individual packaging** – shipping-ready without overpack
- **No plastic accessories:** paper twist-tie with metal wire, no dust caps
- **Use Cases:**

Ideal for workplace infrastructure, mobile device accessories, corporate IT rollouts, public charging points, and OEM bundling. Compatible with USB-C laptops, smartphones, tablets, and more.

Tekniske egenskaber

Available variants

ArtNr.	Bezeichnung	Colour	Length
USB-CC-00001		space grey	0.5 m
USB-CC-00002		space grey	1 m
USB-CC-00003		space grey	2 m
USB-CC-00004		space grey	3 m

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
